MATHS Counting back

We are learning to subtract by counting back from a given number. We will begin this by counting backwards from 10, then from a given number. We will then subtract a number by counting back. We will use number tracks and resources to help us to do this.

Home Task: Give your child a number between 0 and 10. Ask them to subtract a 1-digit number from it. E.g 6 subtract 2. Can they count back 2 to give you the answer. Use the number track below and/or any loose items you may have at home to support them.

My 1 to 20 Number Track

NOTES

**Homework – look out for
RWI Handwriting and Reading
Sheets** – We will send these sheets home each day. This will be the sound that your child has learnt that day in their RWI lesson. Please read and write this sound with your child. Can you ask them to write a word with that sound in.

Parent comments – please get in touch via email, Class Dojo or Tapestry if you would like to comment on your child's learning.

WRITING Story Writing

We are continuing to learn about different animals that we might find living in our local environment. In English, we will re-write the

Home Task: Watch the story on YouTube. Can your child identify the rhyming words. Can they use their phonic knowledge to write some of the rhyming words.

READING RWI

We will continue to take part in our daily RWI lesson.

Read your child's reading book with them each day. Encourage them to 'fred the word' then read it. Remind them to look for 'special friends' before reading the word.

OTHER LEARNING

Understanding the World – we will learn about the life cycle of a frog, what frogs eat and where they live.
Home Task: Can you go find out how many species of frogs there are? Are all frogs the same size?
