

Year 6 Learning Leaflet

MATHS

Long Division

This week we will be focusing on long division in year 6. This will require us to solve calculations by using difficult two digit numbers that we do not have times tables knowledge of! **Home Task: give your child a calculation (6832 ÷ 34) and race them to see who can find the answer first.**

WRITING

Write a Sequel

This week will be writing a sequel to our class text, 'The Promise'. In the write, children will need to use a variety of features we have looked at in previous weeks including personification, similes and adverbials!

How many per store? →

$$\begin{array}{r} 24 \\ 48 \\ 72 \\ 96 \\ 120 \\ 144 \\ 168 \\ 192 \\ 216 \\ 240 \end{array} \quad \begin{array}{r} 3,524 \text{ R } 6 \\ 24 \overline{) 85,582} \\ \underline{72} \\ 125 \\ \underline{120} \\ 58 \\ \underline{48} \\ 102 \\ \underline{96} \\ 6 \end{array}$$

READING

Novels

Our reading this week will focus on chapters from a variety of novels. **Ask your child if they can tell you what a novel is. Can they summarise the plot of any of the novels we look at this week?**

NOTES

Homework – look out for

Maths- Long Division fluency questions

Spelling- New spelling list and activity

School Diary Dates – PE Kits
Monday and Friday

Parent comments – please get in touch via email or Class Dojo if you would like to comment on your child's learning.

OTHER LEARNING

Science- This week we will start a new unit on light. We will be investigating how light travels in straight lines from a light source to our eyes.

Art- We will be putting our finishing touches to our screen prints this week!
