

Year 6 Learning Leaflet

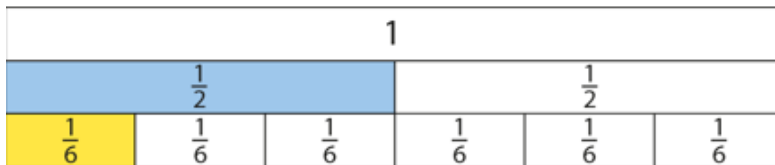

MATHS Fractions

This week we will continue our work on fractions. We will explore how to multiply fractions by fractions before looking at how we divide fractions by integers.

Home Task: Ask your child to complete the following calculation and talk you through their method: $\frac{1}{4} \div 8$

Challenge: Can they draw a bar model to represent this calculation?

$$\frac{1}{2} \div 3 = \frac{1}{6} \rightarrow \frac{1}{2} \times \frac{1}{3} = \frac{1}{6}$$

WRITING Writing a Letter

This week we will conclude our unit of work around the story of Anne Frank. Children will independently write a letter from Otto (Anne's Dad) talking about his experiences after the war.

READING

Texts on Ethiopia.

Our reading this week will continue to focus on texts based on the country of Ethiopia. We will examine an author's language choice in these texts.

Read a text/book with your child and ask them why they think an author has chosen to use a particular word or phrase.

NOTES

Homework – look out for

Maths- Multiply Fractions

Spelling- New spelling list and activity

School Diary Dates – PE Kits

Monday and Friday

Parent comments – please get in touch via email or Class Dojo if you would like to comment on your child's learning.

OTHER LEARNING

Computing: Online safety- This week we will be looking at different ways to stay safe online and emphasising how important this is.

PE- We will continue our unit on netball and put our skills to the test in some netball matches.
